

28. Discuss some of the difficulties that the Mayan settlers faced both before and after the war. How do the troubles faced by the Mayans compare to the troubles faced by other indigenous peoples whom we have studied?
29. Discuss the return of the Mayan peoples to their village. What problems did the refugees face and how did they overcome them? What tone does Manz adopt when writing about the refugees and their resettlement (optimistic, pessimistic, critical, admirable, other)?
30. Discuss one or more things that you learned about in this book that you did not already know. What information did you think was most relevant and/or interesting? Would you recommend using this book in the future?
