E-mail: rbaltadu@gettysburg.edu
Phone: +1 (717) 337-6671

Fields of Interest:

Industrial organization, energy and environmental economics, experimental and behavioral economics, mechanism design. Specific interests in applications to energy, financial and political markets.

Career &**Education:**

2015-present

Associate Professor Department of Economics, Gettysburg College

2009-2015

Founder & Co-Director, Gettysburg Lab for Experimental Economics

2018-present

Chair, International Affairs, Gettysburg College

2009-2015

Assistant Professor Department of Economics, Gettysburg College

2018 summer

Visiting Scholar, International Business School, Beijing Foreign Studies University

2015-2017

Visiting Senior Scholar, Division of Analytics & Surveillance, Office of Enforcement, Federal Energy Regulatory Commission (FERC)

2014 fall

Visiting Fellow, Department of Economics, Lancaster University Management School

2013 summer

Visiting Scholar-in-Residence, ISM University of Management and Economics

2013 spring

Visiting Scholar-in-Residence, University of Colorado Law School

2013 April

Visiting Scholar, Joint Institute for Strategic Energy Analysis (JISEA), National Renewable Energy Laboratory (NREL)

**Career &
Education:**
(continued)

2012, 2011, 2010 & 2009 summers
Research Fellow in Experimental Economics, Resources, Energy and Environmental Markets Lab (REEML), Faculty of Agriculture, Food and Natural Resources, University of Sydney

2012 July
Visiting Research Fellow, Institute for Finance, Banking and Insurance, Vienna University of Economics and Business

2008-2009
Postdoctoral Research Associate, Economic Science Institute, Chapman University

2006-2008
IFREE Visiting Pre-doctoral and Post-doctoral Fellow, The Interdisciplinary Center for Economic Science and the Center for Experimental Economics Education, George Mason University

2002-2007
Ph.D. in Economics, University of Connecticut
Major field: Economics of Organization
Other fields: Public Economics, Financial Economics
Dissertation: "Essays on Wholesale Auctions in Deregulated Electricity Markets"

2001-2002
M.A. in Economics, University of Connecticut
Major field: Industrial Organization

1997-2001
B.A. in Economics, Vilnius University, Lithuania
Major: Money and Banking
Minor: Mathematical Economics

4th Annual Lithuanian Conference on Economic Research, Kaunas, Lithuania (August 2015)

“Energy Security - Challenges & Opportunities for Lithuania” (keynote)
Madison Vilnius Sister Cities Annual Banquet, Madison, Wisconsin (May 2015)

“Information Feedback Effects in Retail Electricity Markets”
The 14th IAEE European Energy Conference “Sustainable Energy Policy and Strategies for Europe,” Rome, Italy (October 2014)

Conferences & Presentations:
(continued)

“Flicking the Switch: Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
Research Seminars of the Department of Political Economy, King’s College London, UK (October 2014)

“Valuation Structure in First-Price and Least-Revenue Auctions: An Experimental Investigation”
Energy & Environment Seminar Series, Energy Policy Research Group, University of Cambridge, UK (October 2014)

“Flicking the Switch: Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
Seminar Series of the Economic and International Development Department, Middlesex University London, UK (October 2014)

“Abatement Investment Decisions under Alternative Emissions Regulation: An Experimental Investigation”
The 4th IAEE Asian Conference, Beijing, China (September 2014)

“Simple- vs. Complex-Offer Auctions in Wholesale Electricity Markets”
The Federal Energy Regulatory Commission, Washington, D.C. (July 2014)

“Abatement Investment Decisions under Alternative Emissions Regulation: An Experimental Investigation”
2014 Annual Summer Meeting of Economists in Vilnius, Lithuania (July 2014)
Second Haverford Meeting on Behavioral and Experimental Economics, Haverford College, Pennsylvania (June 2014)
2nd Antigua Experimental Economics Conference, Antigua, Guatemala (February 2014)

“Deregulated Electricity Markets”
Invited Lecture at The Edmund A. Walsh School of Foreign Service, Georgetown University, Washington, D.C. (February 2014)

“Information Feedback Effects in Retail Electricity Markets”
Haverford Meeting on Behavioral and Experimental Economics, Haverford College, Pennsylvania (August 2013)

“Current Developments in Wholesale and Retail Electricity Markets in the U.S. and Australia”
The Lithuanian Energy Institute, Kaunas, Lithuania (July 2013)
The Lithuanian electricity transmission system operator LITGRID, Vilnius, Lithuania (July 2013)

“Valuation Structure in First-Price and Least-Revenue Auctions: An Experimental Investigation”
2013 Annual Summer Meeting of Economists in Vilnius, Lithuania (June 2013)

**Conferences &
Presentations:**
(continued)

“Markets for Financial Transmission Rights”
The 2nd Annual Front Range Energy Economics Camp, Institute of Behavioral Sciences, The University of Colorado Boulder, Colorado (May 2013)

“Risk and Abnormal Returns in Markets for Financial Transmission Rights”
The 51st Meeting of the Euro Working Group on Financial Modeling: a Workshop on Recent Developments on Energy Modelling and Regulation, London, UK (May 2013)

Panel: “Real-Time Markets in Electric Power Industry”
Towards Dynamic Markets in Electric Power, Water, and Wireless Spectrum, the conference hosted by the Silicon Flatirons Center for Law, Technology, and Entrepreneurship and the Getches-Wilkinson Center for Natural Resources, Energy, and the Environment, Boulder, Colorado (April 2013)

“Valuation Structure in First-Price and Least-Revenue Auctions: An Experimental Investigation”
Economics & Business Department Seminar Series, Colorado College, Colorado (April 2013)

“Strategic Behavior in Smart Markets with Avoidable Fixed Costs: an Experimental Study”
Division of Economics & Business Seminar Series, Colorado School of Mines, Colorado (March 2013)
Digital Energy Seminar, Interdisciplinary Telecommunication Program, the University of Colorado Boulder, Colorado (March 2013)

"How Experimental Economics Can Inform the Design and Governance of Power Markets"
Joint Institute for Strategic Energy Analysis (JISEA) Brown Bag Presentation, National Renewable Energy Laboratory (NREL), Golden, Colorado (February 2013)

“Information Feedback Effects in Retail Electricity Markets”
Antigua Experimental Economics Conference, Antigua, Guatemala (October 2012)

“Experimental Economics Lessons on Electricity Markets”
AB LESTO (Lithuanian distribution network operator), Vilnius, Lithuania (August 2012)

“Flicking the Switch: Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
The 14th Centre for Competition and Regulatory Policy Workshop, Vienna, Austria (July 2012)
The 35th IAEE International Conference, Perth, Australia (June 2012)

Conferences & Presentations:
(continued)

“Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
The 38th Eastern Economic Association Annual Conference, Boston, Massachusetts (March 2012)

“Deregulation of Retail Electricity Markets”
National Control Commission for Prices and Energy, Vilnius, Lithuania (December 2011)

“Valuation Structure in First-Price and Least-Revenue Auctions: An Experimental Investigation”
Research Seminar Series at CERGE-EI, Prague, Czech Republic (December 2011)

“Strategic Behavior in Smart Markets with Avoidable Fixed Costs: an Experimental Study”
Research Seminar at the University of Economics, Prague (UEP/VŠE), Prague, Czech Republic (December 2011)

Panel: “Talking About Energy: Making Science Simpler”
Energize Our Future Conference, Houston, Texas (December 2011)

“Market-Based Instruments for Soil Carbon Sequestration”
“Flicking the Switch: Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
“Valuation Structure in First-Price and Least-Revenue Auctions”
Southern Economic Association 81st Annual Conference, Washington, D.C. (November 2011)

“Retail Demand-Side Response under Alternative Electricity Pricing Contracts: An Experimental Investigation”
2011 Economic Science Association North American Meetings, Tucson, Arizona (November 2011)

“Valuation Structure in First-Price and Least-Revenue Auctions: An Experimental Investigation”
Sydney Experimental Seminar (organized jointly by three Sydney universities: The University of New South Wales, the University of Sydney and the University of Technology, Sydney), Australia (August 2011)

“Flicking the Switch: Retail Demand-Side Response under Alternative Electricity Pricing Contracts”
The Research Symposium of the Second Sydney Winter School on Experimental Economics, the University of Sydney, Australia (July 2011)

“Valuation Structure in First-Price and Least-Revenue Auctions”
The 37th Eastern Economic Association Annual Conference, New York, New York (February 2011)

Conferences & Presentations:
(continued)

- “The First-Price and Least-Revenue Auctions: An Experimental Investigation”
2010 Economic Science Association North American Meetings, Tucson, Arizona (November 2010)
- “Laboratory Markets with Avoidable Fixed Costs”
Economics Department Seminar Series, Elon University (October 2010)
- “Strategic Behavior in Smart Markets with Avoidable Fixed Costs: An Experimental Study”
Economics Department Research Seminar Series, Lafayette College, Pennsylvania (September 2010)
- “How Do We Make a Smart Grid Smarter?”
Economics Seminar Series, Universidad Francisco Marroquin, Guatemala (August 2010)
- “Retail Electricity Demand Response Management”
The Department of Treasury and Finance, State Government of Victoria, Melbourne, Australia (August 2010)
- “Markets with Avoidable Fixed Costs: an Experimental Study”
Behavioral, Experimental, and Theory Seminar (BETS), Monash University, Australia (August 2010)
- “Strategic Behavior in Smart Electricity Markets”
The Centre for Energy and Environmental Markets (CEEM), The University of New South Wales, Australia (August 2010)
- “Laboratory Studies of Wholesale Electricity Auctions”
Australian Energy Market Operator Ltd (AEMO), Sydney, Australia (July 2009)
- “Strategic Behavior in Markets with Avoidable Fixed Costs”
CSIRO Sustainable Ecosystems, Canberra, Australia (July 2009)
- “Energy Markets and Avoidable Fixed Costs”
Agricultural and Resource Economics Seminar Series, Faculty of Agriculture, Food and Natural Resources, the University of Sydney, Australia (July 2009)
- “Comments on Vernon Briggs’s The State of U.S. Immigration Policy: The Quandary of Economic Methodology and the Relevance of Economic Research to Know”
Immigration Symposium, organized by *The Journal of Law, Economics and Policy*, Arlington, Virginia (March 2008)
- “An Experimental Investigation of Simple-Offer and Complex-Offer Auctions”
Alhambra Experimental Workshop, Granada, Spain (December 2007)

Conferences & Presentations:
(continued)

“Complex-Offer Auctions: Payment Cost Minimization vs. Offer Cost Minimization”
Southern Economic Association 77th Annual Meetings, New Orleans, Louisiana (November 2007)

“Simple- vs. Complex-Offer Auctions in Deregulated Electricity Markets”
2007 Economic Science Association North American Meetings, Tucson, Arizona (October 2007)

“Efficiency in Deregulated Electricity Markets: Offer Cost Minimization vs. Payment Cost Minimization Auction”
The International Symposium on Economic Theory, Policy and Applications, Athens, Greece (August 2006)

“An Experimental Study of Complex-Offer Auctions”
2006 Economic Science Association Annual International Meeting, Atlanta, Georgia (June 2006)

“Payment Cost Minimization Auction vs. Offer Cost Minimization Auction”
11th Visiting Graduate Student Workshop in Experimental Economics, George Mason University, Virginia (August 2005)

Other Research Experience:

Capital Normal University, Beijing, China (June 2017)
Participant in Gettysburg College’s Fulbright-Hays Group Project Abroad (GPA): “The Impact of China’s Educational System from Beijing to Gettysburg.”

School of Electrical and Computer Science Engineering and Department of Economics, University of Connecticut (2004-2006)
Research assistant on the National Science Foundation EPNES Grant ECS-0323685 “Robustness, Efficiency, and Security of Electric Power Grids in a Market Environment.”

Food Marketing Policy Center, Department of Agricultural and Resource Economics, University of Connecticut (2002-2003)
Research assistant; Project: Estimation of Price Transmission in Boston Fluid Milk Market.
