

## SUMMER 2018 EXTERNSHIP OPPORTUNITIES LISTING BY STATE

An externship is a **3-5 day job shadow opportunity** with an alumnus/a, parent, or friend of Gettysburg College. Externships are open to students of ALL class years! More details can be found at [www.gettysburg.edu/externships](http://www.gettysburg.edu/externships)

### **Applications (Part 1 and 2) due by March 11 at 11:59p.m.**

Part 1: Complete the online application at [www.gettysburg.edu/externships](http://www.gettysburg.edu/externships)

Part 2: Submit a one-page resume to [tkurzawa@gettysburg.edu](mailto:tkurzawa@gettysburg.edu) (subject line: Externship Resume; please save your resume document as LAST NAME\_Resume.pdf)

### ***72 externships in 24 states!***

#### **ARIZONA**

**Dr. Rick Kirshner '86 - CVC, LLC** (*Phoenix, AZ*)

Organization: I am a heart surgeon and work in several different hospitals in the Phoenix/Scottsdale area.

Externship: The extern will have the opportunity to observe surgery, meet patients and observe in the clinical and hospital setting. **REQUIREMENT:** Provide TB test/results, per hospital policy.

Possible Dates: TBD with host (not May 21-25)

Homestay: Yes

#### **CALIFORNIA**

**Allison Cantor '09 - Film Composer** (*Hidden Hills, CA*)

Organization: I work as an assistant to a film composer, creating musical score for film and television. Interested parties should be studying music, interested in film music specifically and have a basic knowledge of some music technology.

Externship: Summers are often our slow period, so the experience may vary. If we are in a slower period of time without an active project, I can give the extern a tour of the studio and explain the process of scoring in-depth with real-life examples. We may have some basic projects involving organizing music or something similar. If we're in the middle of an active project, the extern will get to observe the process, seeing what steps are taken and what it's like to score a project in real time. Either way, I will also do my best to connect the extern with a live scoring session with musicians (again will depend what's happening in town that week).

Possible Dates: May 14-18, May 21-25, May 28-June 1, Aug 6-10, Aug 13-17

Homestay: No

**Matthew Fisher P'19 - Hanson Bridgett LLP** (*San Francisco, CA*)

Organization: Hanson Bridgett is a multi-practice regional law firm in Northern California. My practice is a business oriented in the areas of corporate securities, venture capital investing and start-ups.

Externship: A typical work week for a business associate attorney.

Possible Dates: Mid-June through July (no July 4th time frame)

Homestay: Yes

**Elaine Hesser Giuliano '83 - Carmel Pine Cone Newspaper** (*Pacific Grove, CA*)

Organization: Depending on the week, we might research and write about a wide variety of subjects, from holiday origins to pets to music and vintage cars. I edit and assemble the special sections (stuff like "Women in Business," and supplements tied to specific special events) with the owner and publisher of the paper. I also edit our quarterly magazine, "Healthy Lifestyles," write all of its content, and help choose images for it.

We might edit freelancers' work, and read and evaluate pitches (proposals for articles from freelance writers). I do a combination of telecommuting and working in the office, which is about a 40-minute drive away. I work a flexible schedule, which means that while I might be working on Memorial Day, we might take time off to go to the Monterey Bay Aquarium on a Wednesday afternoon.

Externship: Student will observe putting a weekly, hyper-local newspaper together from beginning to end. They will help prep for and conduct at least one interview, and depending on her contributions, may get a byline and/or a photo credit. If there's an area they'd like to try to write about, I'd be happy to walk the student through how to do that and file an article for possible inclusion in the paper. They'll learn a little about Associated Press style, and participate in proofreading the paper before it goes to press. If the student is a budding photographer, she should bring her camera (or camera phone). They'll also meet the owner of a public relations firm, a freelance writer or two. Please read *The Carmel Pine Cone* at [www.pineconearchive.com](http://www.pineconearchive.com). I've specified dates tied to big local events and special sections we'll be prepping for. I suggest including a weekend (or both) on either end of the trip so we can explore Monterey County in all its diversity. We have everything from big Ag, to Steinbeck, to a huge marine sanctuary.

Possible Dates: May 28-June 1; July 2-6, July 16-20, July 23-27, July 30-Aug 3, Aug 6-10, Aug 13-17

Homestay: Yes (for a student who identifies as female)

### **Cynthia Hill '90 - zakHill Group (Santa Monica, CA)**

Organization: zakHill Group is a boutique marketing and partnerships agency that connects brands with entertainment companies through innovative marketing partnerships that attract attention, engage audiences and deliver value.

Clients include: Warner Bros Pictures, Warner Bros Home Entertainment, 2K Games, The DGA Awards, The Oscars

Externship: \*Assess a movie script for product placement opportunities, partner integration ideas and digital activation ideas \*Write a script breakdown and assessment \*Research trends and competitive partnerships in the videogame space \*Research partnerships on summer film releases

Possible Dates: TBD with host

Homestay: Yes

## **COLORADO**

### **Dr. Wayne Ewing '57 - The Wet Mountain Tribune (Westcliffe, CO)**

Organization: The Tribune is in its 135th year, a weekly fixture here; our award winning writing focuses on our distinctive niche--local, community oriented news. It's not all bake sales and smiley faces; we confront controversial issues in the community, and actually scooped, in September, 2015, Colorado's largest illegal marijuana grow bust in history, an eight state, multi-agency operation that broke up a multi-million dollar Cuban cartel. And we do this from offices in a 125 year old house, complete with pot-bellied stove--and up to date technology...A free, teaser version of our weekly is available at [www.wetmountaintribune.com](http://www.wetmountaintribune.com)

Externship: An extern interested in how isolated, rural communities remain alive and well with a vibrant and stimulating life, economically, politically, creatively, religiously (I'm a supply priest with historic St. Luke's Episcopal Mission here), and how the news coverage of this life remains still a bulwark of journalism at the local level would be quite engaged here. An extern exploring reportorial writing might be extensively engaged in covering, for example, the Westcliffe Center for the Performing Arts Shakespeare Festival, or our regionally noted Blue Grass Festival...and so on. We'd make certain the student had ample opportunity to hike or horseback or mountain bike in the Sangres (the Rainbow Trail

extends the entire length of the range), or, as did the 2016 extern, raft on the wild Arkansas River through Big Horn Canyon.

Possible Dates: July 9-15

Homestay: Yes

**Dr. Mark Langston P'21 - School Districk 27J (Brighton, CO)**

Organization: I am a public high school administrator - currently in the extended suburbs of Denver, CO. I oversee planning, scheduling, counseling, Fine Arts, and CTE content areas.

Externship: If you want to be a public educator, have you ever wondered what happens in a large comprehensive high school when students and teachers are not there? Here is a one week opportunity (4 day work week). REQUIRED: Background/Clearances

Possible Dates: June 11-15, July 30-Aug 3

Homestay: No

## CONNECTICUT

**Jennifer McMahon '93 - Connecticut Hospice (Branford, CT)**

Organization: The Connecticut Hospice is America's first hospice, established in 1974.

Externship: Student will have the opportunity to observe the workings of the inter-disciplinary team at Connecticut Hospice. At hospice, you will observe hospice and palliative care medicine boarded physicians and advanced practice registered nurses, as well as on-site pharmacists and clinical social workers, meeting the care needs for the terminally ill and patients in need of end-of-life and comfort care. Other disciplines represented at hospice include physical therapy, pastoral care, art therapy, music therapy, reiki, and nutrition. You will be expected to observe the two weekly IDT meetings, sit in on admissions, and witness the discharge planning process when needed. You will also observe the bereavement work that is conducted at and after the time of death. Depending on your area of interest, your experience can be customized accordingly. You will be reporting to an LCSW (Licensed Clinical Social Worker) during your externship. REQUIREMENTS: Provide current immunization records, confidentiality agreement, and proof of health insurance coverage

Possible Dates: TBD with host

Homestay: Yes

**Peter Vermilyea '94 - Housatonic Valley Regional High School (Falls Village, CT)**

Organization: Semi-rural public high school. I teach four classes and run the Social Studies Department.

Externship: Lesson planning, instruction, assessment, and any pertinent meetings.

Possible Dates: May 14-18, May 29-June 1, June 4-8

Homestay: No

## DISTRICT OF COLUMBIA (WASHINGTON, DC)

**Lauren Keefe '09 - Krooth & Altman, LLP (Washington, DC)**

Organization: In 1947, Krooth & Altman's founding partners, David Krooth and Norman Altman, envisioned the firm as a means of providing the highest level of legal expertise and strategic counseling. K&A maintains that strong tradition in a national law practice focused on real estate and capital finance and related business matters that promote decent, affordable housing and healthcare facilities throughout the United States. Our attorneys pride themselves as "lawyers' lawyers," with decades of experience in laws and public policy related to all aspects of real estate; including multifamily housing and healthcare financing, debt and equity transactions, taxable and tax-exempt financings, mortgage and investment banking, secondary market debt transactions, project subsidies and credit enhancements, tax, employment, corporations, partnerships and alternative entity organizational structures, and debt relief and restructuring. Our clients

include a wide array of national bankers, developers, and investors in real estate and mortgage finance activities. The externship opportunity will be with K&A's Fannie Mae and Freddie Mac housing practice group.

Externship: During the 3-day externship, the extern will have the opportunity to shadow an attorney, a Gettysburg alumna, who practices in our Fannie Mae and Freddie Mac group. As part of this experience, the extern will observe the daily interactions between clients and counsel. The externship will serve as an introduction to the intricacies of multifamily commercial real estate financing. The extern will experience the negotiating skills as well as a sample of the work required to successfully structure such financing, including detailed review of title documents and land surveys, regulations, organizational documents, legal opinions, and loan documents.

Possible Dates: Flexible (TBD with host, not Memorial Day or July 2-6)

Homestay: No

#### **David Tamasi '94 - Chartwell Strategy Group (Washington, DC)**

Organization: Chartwell is a strategic advisory firm specializing in government relations, political risk management, and strategic communications. We partner with leaders of the world's most influential companies and organizations to navigate high-stakes policy and reputational issues.

Externship: Public relations and public affairs day-to-day activities. (client communications, media pitches, strategy sessions, legislative monitoring, conference calls, capitol hill events and hearings)

Homestay: No

## **FLORIDA**

#### **Courtney Hughes '07 - New College of Florida (Sarasota, FL)**

Organization: New College of Florida is a small, residential liberal arts college located on the Sarasota Bay on the Gulf Coast of Florida. A member of the state university system, it has a population of 850 students. The hallmark of New College is small class size, a 10:1 ratio, and the highest percentage of students receiving prestigious awards such as the Fulbright, Truman and Goldwater scholarships, as well as student research grants. Reporting to the Dean of Students, I am responsible for developing, implementing, and evaluating orientation, the first year experience, and first-year student retention programming.

Externship: Over the summer months, I prepare for the college's August first-year orientation program and subsequent first-year experience programming. The extern will have the opportunity to assist with event planning and program management, program design, team building, and organizational planning. In addition, the extern will have the opportunity to work with high performing students as I continue to work as the Fulbright Program Advisor during the summer months. The extern will have the opportunity to meet with and observe colleagues in student and academic affairs, as well as senior staff interaction with the Provost, Dean of Students, and President.

Possible Dates: May 14-18, July 23-27, August 13-17

## ILLINOIS

### **David Zapata '94 - Zapwater Communications (Chicago, IL)**

Organization: Zapwater Communications is a public relations agency specializing in lifestyle brands. To our clients, we are partners, innovators, energizers and business-builders. We infuse every project with passion and dexterity. We integrate multidisciplinary services — digital engagement, experiential tactics, influencer and media relations — in combinations that drive bottom-line results. And we win industry awards, more than 90+ to date, that demonstrate our ongoing commitment to excellence.

Externship: Zapwater is committed to delivering award-winning public relations services that achieve direct and measurable results toward each client's objectives. Our offices in Chicago and Los Angeles share a culture that fosters creativity and recognizes quality, productivity, collaboration and enthusiasm. Long-standing relationships and the knowledge and determination to lead in a dynamically evolving industry distinguishes Zapwater's work. The brands that we serve center on five primary lifestyle categories. Our category teams are specialists in their fields — they know the platforms, the media, the influencers and the delivery needed to achieve heightened awareness and connect with customers. Categories include: Consumer Services/Products Design/Real Estate Fashion/Beauty/Retail Hospitality Travel/Destination

## INDIANA

### **Jill Henry (Friend of Gburg) - Komen Tissue Bank (Indianapolis, IN)**

Organization: The Komen Tissue Bank is a unique bio-repository of normal breast tissue, and matched serum, plasma, and DNA. Our samples are used both as normal controls in cancer research and as a system to understand the healthy breast. We hold tissue collection events 2-3 times a year and work continuously to raise awareness about the importance of understanding normal.

Externship: The extern will be working in our offices. An interest in communication would be helpful. A thorough knowledge and understanding of the workings of social media sites such as facebook, twitter, and instagram is requested. We are constantly coming up with new projects that we could use help on, but some examples of previous projects our interns have done are database programming, medical follow-up calling, de-identifying mammograms, organizing supplies for our next event, retrieving sets of DNA tubes for special projects, auditing donor data, and helping at outreach events. Projects can be tailored to the student's interest but depend largely on what is most urgent at the time. The student will also be present during our weekly staff meeting which will give him/her an opportunity to learn a little bit about every aspect of our organization.

Possible Dates: May 14-18, May 21-25, June 4-8, June 11-15, June 18-22, June 25-29, July 23-27, July 30-August 3,

August 13-17

Homestay: Yes (for a student who identifies as female)

## **KENTUCKY**

**Dr. Melissa Zook '94 - London Womens Care Family Medicine** (*London, KY*)

Organization: I am a family physician in rural, southeastern Kentucky. My patients are mostly low income women, children and elderly folks from the foothills of rural, Appalachian Kentucky. I see newborns, sick and well children, pregnant women with medical problems and adults with acute and chronic illnesses like diabetes, COPD and high blood pressure. I also work with patients in recovery from opiate addiction, particularly pregnant women and mothers. I care for a number of patients with HIV and Hepatitis C. I do office procedures like minor skin surgery, joint injections and removing the random objects that small children stick in their noses and ears. Every day is different and while these are the 'usual' things I see, after ten years in practice, I still see things that are new to me on a regular basis. I work Monday through Friday from 8 -5.

Externship: Students will spend 5 days with me one on one in the office seeing patients. Students will learn what a family physician does in practice and see a variety of patients. Students will learn about the culture of eastern Kentucky and Appalachia. We will spend time discussing the health care system and health care policy in broad context. We will talk about social, economic and family influences on health and barriers to good health. We will talk about the role of mental health in wellness. We will discuss prevention and wellness including nutrition, vaccination, anticipatory guidance in childhood, suicide prevention, preventing falls in the elderly, medication safety, cancer screening and other safety/wellness issues across the lifespan.

I enjoy getting to know the students and helping them to identify talents, skills and interests they possess that may not necessarily be represented on their transcript or CV. These are often gifts that are most valuable in a career as a health care provider. I spend a lot of time talking with the students about my work process as a physician, how I think as a physician, which resources I use and why, how I stay current with my education. Finally, I am happy to discuss my personal career arc and how I do my best to balance my work with life as a mom/wife/domestic goddess.

Possible Dates: Flexible (not May 14-June 1 or July 23-27)

Homestay: Yes

## **MASSACHUSETTS**

**Amelia Benstead '16 - Boston African American National Historic Site** (*Boston, MA*)

Organization: Boston African American National Historic Site (BOAF) preserves and interprets the history of the free African American community on the north slope of Beacon Hill during the 19th century. Members of this community led the abolitionist movement, fought for the desegregation of public schools in Boston, operated safe houses on the Underground Railroad, built and organized in the African Meeting House, and enlisted in the Massachusetts 54th Regiment, the first northern black regiment during the Civil War. Working in partnership with the Museum of African American History, BOAF rangers present historic programs in the African Meeting House and lead tours of the Black Heritage Trail®, a walking tour through Beacon Hill that connects the homes, businesses, schools, and churches of this resilient and defiant community.

Externship: The student will have the opportunity to meet with the site's staff and supervisor, visit the Black Heritage Trail®, and observe ranger talks at the Museum of African American History's African Meeting House. Additionally, the student will experience programming at Boston National Historical Park, and Boston Harbor Islands National and State Park. This externship opportunity will provide a thorough but succinct introduction to historical interpretation, the National Parks of Boston, and the National Park Service as a whole.

### **Dr. Marsha Comegno '94 - Journey Education Consulting, LLC (Moorestown, NJ)**

Organization: Journey Education Consulting helps students, parents, and others navigate the college admissions process. Matching students to institutions that meet their needs, qualifications, talents, and goals is important to ensure future success. We help students identify, explore, and match their passions to “best fit” colleges through self-exploration and the demonstration of themselves in the application process.

Externship: The extern will learn about what is behind the process of helping families navigate the college process. Specifically, he or she will understand the knowledge needed and tools used to help students find colleges and universities that will be a good fit academically, socially, and financially. The extern will also understand how to help students demonstrate their unique selves in the application process. Please note that this is not a typical 9am-5pm externship and the student may not meet everyday during the week (off days may be research based on my cases). Additionally, due to confidentiality, the extern will not participate in actual client meetings.

Possible Dates: May 14-18, May 29-Jun 3

## **TEXAS**

**Dr. Megan Campbell '06 - Baylor College of Medicine - Hugo Bellen's Lab** (*Houston, TX*)

Organization: Baylor College of Medicine (BCM) is in the heart of the Texas Medical Center (TMC), the largest dedicated medical center in the world. Here, research and medicine intertwine for a culture that promotes biomedical discovery. In the Bellen lab we use fruit flies to better understand the genes needed to develop and maintain a functioning nervous system and the consequences from disruption of those genes and how that relates to human disease.

Externship: 3 DAY EXPERIENCE: I am currently a postdoc in Hugo Bellen's lab, which focuses on using *Drosophila* (fruit flies) to better understand the genes needed to develop and maintain a functioning nervous system and the consequences of disrupting those genes and how that relates to human disease mechanisms. By spending a week with me in Houston, you would get to see what the day to day of a research scientist looks like. You will interact with graduate students, postdocs and professors and conduct some small molecular biology or genetics experiments.

Depending on your interests and the timing of your visit, I may be able to arrange for you to spend a day (or a half day) in other laboratories at BCM, MD Anderson or Methodist (other Institutes within TMC) where other biomedical research strategies or different model organisms are used to address complex biological questions (cell culture, computational biology, mouse, zebrafish, etc.). Hopefully, at the end of the week you will have a fairly comprehensive picture of what it means to be a bench scientist and what to expect if you choose to further your science education after Gettysburg.

## **VIRGINIA**

#### **Jennifer Causey '11 - George Mason University, Office of Institutional Research and Effectiveness (Fairfax, VA)**

Organization: About the Office of Institutional Research and Effectiveness: The primary mission of the Office of Institutional Research and Effectiveness (OIRE) is to advance Mason's vision by proactively supporting the information and analytical need for fulfilling the GMU's four core institutional characteristics, namely innovative, diverse, entrepreneurial, and accessible. To this end, OIRE provides data and analysis for strategic planning, institutional research and effectiveness. In addition, OIRE serves as the primary source of official data for state, federal, and other external agencies. About the Senior Research Analyst Position: My duties consist of providing information about George Mason such as enrollment and graduation statistics to parties both on-campus, and nationally. I am responsible for providing information to college guides (e.g. US News, Princeton Review) that contribute to ranking George Mason University against other universities. I also incorporate current data visualization trends to present data to others in a way that allows them to explore the data, and discover potential trends not immediately visible in a table.

Externship: During your externship, you will have an opportunity to observe various day-to-day activities within the office including (but not limited to): database management, survey reporting, and course evaluation processing. You will also learn more about data visualization and how it is progressing within the field of institutional research.
